About This Game

The secret agent Gulman returns again in an uncompromising first-person shooter to return to humanity the priceless artifacts captured by terrorists. Meet a new game by Svyatoslav Gulyaev.

History:

In 2037, terrorists, having access to the nuclear arsenal of the Russian Federation, deal a nuclear strike against the largest cities of the United States and Russia.

By 2039, the terrorist armies have established control over most of the planet Earth. The territories of the conquered countries are subject to devastating raids.

Remnants of the former world elite give the assignment to their best secret agent to save the most valuable works of world art from the hands of terrorists.

Key features:

- The game takes place on a large tropical island, you will find artifacts in terrorist houses, a port, a military base, ancient temples and a secret laboratory;
- Reading the documents found in the game and interacting with the interactive environment allows you to access the hidden artifacts and improvements to the weapon;
- The system of improvements turns a pistol, machine gun and sniper rifle from mediocre weapons into deadly devices

that you do not have to shyly hide from the enemy;

- When firing from different types of weapons, you will have to take into account the different impact force and its direction;
